

EZ-BORDER

FORGET ALL THE PHONE CALLS, CONTACTS AND HEADACHES IT TAKES TO MOVE FREIGHT ACROSS THE BORDER.

INTRODUCING EZ-BORDER FROM SCHNEIDER

Schneider takes cost and complexity out of cross-border moves. With EZ-Border from Schneider, one phone call connects you with one single point of contact, one service, one bill, and one easy feeling at the end of the day. Instead of arranging the domestic move with one company, the border transfer with another, and the foreign carrier movement with a third, one call to Schneider and it's all handled for you.

Schneider will handle the complexity of the move for you, and deliver business advantages you never thought possible.

- **Save costs** across the entire process with Schneider's purchasing power and tightly controlled network of providers
- **Save days** in crossing the border with Schneider controlling the domestic US and Mexican moves, and the border transfer, we can time the entire trip more efficiently and save you a day or more in transit
- **Maximize the visibility** of your freight
- **Save time and hassles** for your transportation and accounts payable teams with one call, one invoice, and one simple process to follow
- **Increase availability of capacity** with Schneider's extensive network of carefully qualified carriers and providers executing your freight moves
- **Enhance the security** of your freight. With Schneider's trailer tracking system, every load is in the system and followed to ensure it arrives safely and intact
- **Flexibility on payment**, with more billing options we can split bill, the US leg in US dollars and the Mexico leg in pesos.

COST FACTORS	OTHER*	EZ BORDER*	SAVINGS
