

# SCHNEIDER TRANSPORTATION MANAGEMENT

## OUR FLATBED AND SPECIALIZED SERVICE IS PROOF POSITIVE THAT NOTHING IS TOO BIG FOR SCHNEIDER TRANSPORTATION MANAGEMENT.

It takes a special kind of provider to help you move flatbed loads. That's where Schneider Transportation Management and our relationships with thousands of flatbed, specialized and heavy haul carriers help you. We've got the experts who can help you find the right equipment for everything from glass and building materials to the most complex over-dimensional moves.

- **ONE PHONE CALL GIVES YOU ACCESS TO THE RIGHT EQUIPMENT**

- Basic Flats
- Step Decks
- Double Drops
- Maxis
- Expandable trailers
- Goosenecks and other specialty equipment

- **THE BIGGEST THING WE DELIVER IS YOUR PEACE OF MIND**

- We are picky about our flatbed and specialized carriers, and only work with the safest, most professional, most experienced carriers in the business.
- We monitor your flatbed freight and require daily check calls, ETA assessments and continuous contact throughout the move.
- Our carriers know how to move your freight, what equipment they need, and they come prepared to help your team load it and take it off the trailer once the load is safely delivered.

- **YOU SAVE TIME AND COST WHEN YOU USE OUR EXPERTISE**

- Our team has decades of experience on both the customer and the carrier side of flatbed and specialized transportation.
- We buy more flatbed and specialized services, more often than most other companies, giving you the cost advantages of our buying power.
- We know what equipment will be needed and what carriers are best suited for your freight, minimizing load time and eliminating delays.
- Our flatbed and specialized carriers are held to the highest standards of safety and professionalism, mitigating the risk in transit for your freight.

No matter how big your load, or how far it needs to move, Schneider Transportation Management is your connection to worry-free execution every step of the way.
